Citizens are asking us to again remind our "city fathers" that the plank walks are in a dangerous condition. An examination will prove that this is but a mild way of expressing it. If the walks are not repaired soon, our people will have to neither "look to the right nor look to the left, but keep in the middle of the road."

The O. C. F.

Mr. Heber Matthews, of our town, is endeavoring to organize the Order of Chosen Friends in Hartford. He is in co-operation with the chief officers of the Order in New York, Indianapolis and Louisville, who will render him every available assistance. It is a benevolent order, secret in its actions but public in the good it does, and either ladies or gentlemen may become members. By paying a small fee twice a month, you can secure life insurance to the amount of \$1,000, \$2,000 or \$3,000, payable at death, besides ample provisions for the sick and distressed of \$5 to \$25 a week. It is an order destined to relieve and elevate the condition of mankind; an order of the highest moral and financial standing. There is no secret order in Hartford at present, and one so well worthy the approval of both ladies and gentlemen, should meet with the earnest cooperation of our citizens. There are ten councils in operation in the city of Louisville, and the Post has the following to say in regard to the Order of Chosen Friends:

"Union Council, No. 19, had a delightful entertainment last Monday night, not a seat was left, the assemblage being so large. Union Council was happy to see the least, and more than thankful for the kindness of the public on this occasion. Union hopes to improve on the next entertainment. A large attendance is desired to-night. Five initiations will take place.

"This grand and noble organization is holding its own in benevolent societies. We learn from good authority that the O. C. F. has done nobly during the summer months, for there was an addition to the order of 800 in June, 800 in July and 900 in August--2,500 members of an increase in three months of the "heated term." This is a glorious increase and augurs well for the organization. At this rate we may expect eight thousand members during the remaining few months of the year, which will give to the O. C. F. a membership of 50,000 members in good standing by June 1. This is a record of which all Chosen Friends may be proud and we may say has been done simply by individual work on part of the members who, having success in their merits, have simply worked for it. Now, may the good work go on, and the aspiration of our noble Supreme Councilor H. H. Morse be attained, for all honor is due him who has so nobly led the army on, whose whole course has been to do right from the beginning--100 members of Manhattan Council, "Order of Chosen Friends," business and professional men, send their compliments from New York, greeting to every acceptable man desiring \$2,000 insurance of undoubting fraternal protection and its history here in the city of Louisville prove their words to be true, as all widows and orphans will approve."
